We de-risk the risky process of innovating.

A Design & Innovation Firm

We understand...

Attractiveness in the
segment or category.

Ability to Execute with the
current partners or team.

Market or client
willing to pay?

We need to...

Leverage our network and networking capacity.

Leverage our information and experience.

Position ourselves at least en PR as the experts in the subject.

We need to create our *dimutiny* toolkit.
